I think this is an important piece of expanding information that needs to be applied to Doctor Eric Tomomi Shigeno's background details. Ultimately, a fault and responsibility against Doctor Shigeno remain unrepairable. My name is James M. Driskill and Doctor Shigeno was my HIV Doctor in the CLINIC in San Bernardino up until he terminated my provider care in March of 2019. In fact, that has been the very last HIV Doctor that has actually treated my condition. Doctor Shigeno's official reason for death

share with Doctor Shigeno a conversation that goes into reviews and postings on Twitter to the CDC HIV Director [ @DrMerminCDC ]. The clinic itself had a Twitter account [ @BorregoHealth ]. I was unable to bring forward this topic and discussion and was shut down by the Doctor. The excuse he actually expressed to me. "He would not have time". From that point time forward, I attempted to correct the doctor's position with communications via FAX. In this timeframe, Doctor Shigeno was not responsive to my communications and actually filed in civil court against me a complaint and restraining order about harassment. Absolutely, there can not be considered a threat in the content that I directed into his care. First to this defense was the AMA Journal of Ethics positions of Doctor/Patient relationships and then onto the role of myself as the owner of an information network that is actually a peacebuilding mission. No threat possible to identify, The mere mention of the phrases without any other words "Mass Murder" and "Mass Shooting" generated Doctor Shigeno to file a complaint against me. I most likely referenced the major mass shooting event of December 2015 in San Bernardino. From Wikipedia, the free encyclopedia 2015 San Bernardino attack For the 2017 shooting, see North Park Elementary School shooting. 2015 San Bernardino attack Part of terrorism in the United States Location Inland Regional Center San Bernardino, California, U.S. On December 2, 2015, a terrorist attack, consisting of a mass shooting and an attempted bombing, occurred at the Inland Regional Center in San Bernardino, California. End of Wikipedia This shooting is the one that created the Federal case against Apple to unlock the security of their mobile devices. And Since This was Mentioned -- All of these are SILENCED in my DOCTOR PROVIDER CARE ABILITY TO HOLD ISSUES IN DISCUSSION! DIRECT RELEVANCE OF MATTERS THAN SHOULD BE ABLE TO BE DISCUSSED! HOW CAN ANYONE HAVE SUCH AN ISSUE - ROADBLOCKED -- BUT I DO! #HIVUntreatable! This holds another History of Mass Shootings, From Wikipedia, the free encyclopedia North Park Elementary School shooting Location: San Bernardino, California, U.S. April 10, 2017; 5 years ago Deaths 3 (including the perpetrator) Injured 1 On April 10, 2017, a shooting occurred inside a special education classroom at North Park Elementary School in San Bernardino, California. The shooting was an apparent murder-suicide and an act of domestic violence. Three people—the gunman; his wife, who taught at the school; and a student standing behind her—died from their wounds. Another student was wounded and hospitalized. End of Wikipedia Information All of these are a part of the content that I directed into the care of my DOCTORS that have NO RELIABLE REFERRAL and I was OUT TO DRY with no community voice. NOTHING I DO -- IS WORTHY OF ANYTHING BUT TO DESTROY! Just for the mere need to have a conversation -- to confer a discussion and begin that discussion with viability -- TRUTHFULLY and HONESTLY and REAL! A

express the position of my mission work on how to stop these mass gun shootings. So and through this period after the Doctor terminated my care with no referral to any other doctor, I did receive a visit from the San Bernardino Police Department. They mentioned a restraining order but did not disclose who was making a complaint. It is obvious how bad and ugly this matter is. I did tell the Police Officers that I would violate such a restraining order. Even though Dr. Shigeno terminated my care in March of 2019, and knew there was no really viable referral issued, he was indeed reauthorizing the refill of my medications up until his death as noted on this Intelius report on April 10th, 2020. This date is approximately 10 days after I violated the restraining order and is also quite revealing is the fact the matter underneath and so supposed invisible happening in this, a research paper appears at the National Institutes of Health in an Internet Narrative cultural identity phenomena that I did not become aware of until late of 2019. in March of 2019, the mere mention of the undertone of circumstances was sufficient enough for the doctor to terminate my care. The death of Doctor Shigeno is more likely not from a stroke, but from suicide in the view of my violating the restraining order, the materials that were directed to him prior, and the materials that I directed to violate the restraining order itself. I had not yet known about the April 6th, 2020 posting on this cultural identity subject. Obviously, this matter is affecting much more than just a single individual and doctor relationship for the research findings to appear on the National Institutes of Health for mental health considerations. April 2020 has been the last ability to be on any kind of medication treatment for HIV disease. Not that I am being irresponsible with this condition of treatment breakage. I have attempted to get and reset several times with my Humana PRIMARY CARE to a REFFERAL to an Infection Disease Specialist. Several times, all hope is lost that the doctors can indeed perform this ability over disability function to have a proper conversation in regards to this topic. This is not my responsibility to balance but is indeed the doctor's side of REQUIRED APPLICATION OF THE LAW they REFUSE to TAKE ACCOUNTABILITY FOR! Onto this matter, and into these comments at this point in time, 2022, I hold beyond a reasonable doubt [ court level showing evidence ] that what is the reality that is causing the mass shootings and various other involvements. I do indeed have a peace-building mission information technology network. One would think that would be something to look up to and respect, but no, I must be put into all restrictions against what is called Disability Inclusion that is found on the CDC website. [ <https://www.cdc.gov/ncbddd/disabilityandhealth/disability-inclusion.html> ]. This quote is right here and according to tor the need and duty of INTELLIS.COM to one of their customers. [ Disability Inclusion: Including people with disabilities in these activities begins with identifying and eliminating barriers to their participation. ]. Shall I identify a bias and predetermination to

be apparent, that the technology running code that is structured on Truthfinder is also been implemented here on Intelius. My accounts on Truthfinder are suspended from my ability to use them. No violations that I have done to the effect of the unilateral decisions are based on the view of my need to bring forward these truths. On Intelius, this platform style neither proves nor disproves anything without me doing a bit of research. HOW THAT MAY BE, if should there be the same kind of silence -- because it is indeed that HUGE of an IMPACT across all of our informational technologies on the web, YES I KNOW THE MATTER AT HAND - EXACTLY WHAT IT IS! Please do not insult my intelligence to not acknowledge this by reacting to this post holding your role on Inteliois to also be obstructionist. That is not proper or legal. This here is way too simple to prove, and I could indeed file and carry a suit without a lawyer. So, let's be nice to each other ok? However you might think this is a stretch to reach, everything in this comment is relative to the same issue upon Doctor Shigeno and me -- including the involvement of Truthfinder and perhaps Intelius. Act accordingly, please. YES INTELIOUS, we are going to have to proceed with LAWYERS to get my doctor care properly balanced which would include my interactions with Truthfinder. Are you going to be the same with this comment and any other comment I provide on doctors' wrongdoing in these matters? What I write is the truth, the whole truth, and nothing but the truth. So, here are the options we have. This comment as it applies does not in all tense words and meanings violate your terms of service on commenting. If it does, I request that you respond to my then engaged customer service inquiry to explain the exact violation so that I would be able to make the corrective adjustments. That would too also apply to a doctor whom they are wiping my ability to have this same discussion and this same parameter of dual exchange dialogue as practical or impractical as it is - those in both situations are indeed identified here to be the exact same cause of breakage from the ability [ out into disability ] to hold such common decency right in this world in these imperatives that can not just be allowed to go silent. In that silence, you are in fact guilty of violations of United States Code Title 18, Section 242, Deprivation of Rights Under Color of Law, and the various other sections of required laws and rulings that govern the CDC Disabilities Inclusion article that was enacted with the United States President by signing the United Nations Convention, for the Rights of Persons With Disabilities in 2009.
